Salt Lake City, Utah 84119

Dear Jack:

SUBJECT: Plan of Operation from Western International Corporation
to Extract Precious Metals from Maple #1 and #2 Mining Claims
East of Park City, State ID #UT810605-080

This environmental assessment was presented to the Environmental
Coordinating Committee of the Utah State Clearinghouse for review.

No comments were submitted by ECC members other than those comments
already submitted separately by member agencies at an earlier date to
the Division of Oil, Gas and Mining. It is my understanding that Oil,
Gas and Mining is the lead agency in the State for compiling comments
generated from the review of this proposal and, in the future, any
inquiries received on this project will be referred to that division.

Thank you for the opportunity to review this document.

Sincerely,

Marthe F. Dyner
